MEDICAL NOTICE

Dr. W. B. Brink

Respectfully tenders his professional services to the citizens of Nauvoo, and its vicinity, as a botanic practitioner, having adopted the botanic practice from a positive conviction of the truth of its doctrines, and the unrivaled success which attends the practice; and hopes to give general satisfaction and prove the superior efficacy of the botonic treatment to those who may place themselves under his care; also a number of valuable preparations of his own compounding; such as anti bilious pills, particularly servicable in dyspepsia, bilious fever, &c; restorative bitters, pulmonary balsom, cough syrup, rheumatic liniment, neutralizing cordials, this is one of the most valuable preparations known for cholery morbus, cholery, intantum, or summer complaints of children, fever ague and cancers, will be treated upon the principle of no cure no pay and those afflicted with cancers will do well to call and try a remedy which has never failed; and those who are not able to pay will be cured without charge.

Dr. B. is consulted in the most intricate and protracted cases of secret disease that require practical experience to ensure success; every species and form of the disease must yield to his treatment which is in all cases mild and soft, requiring no interruption from business or change of diet, and will treat the disease upon the principle of no cure no pay; office at the store of W. Alen, formerly occupied by Mr. E. D. Wooley.

W. B. Brink, M.D.

August 4, 1842

Much has been said latterly against the use of *Calomel* as medicine. The real science of medicine, like the sun under a thick cloud, is shrouded in a set of unintelligible terms, and may grope and die. We will not say that he that gives *Calomel* murders, nor he that takes *Calomel* commits suicide, but we will say, if God and the Governor are willing, that he that uses the *least* medicine, lives *longest*, in nine cases out of ten.

SHERMAN'S MEDICATED LOZENGES

These celebrated Lozenges are now offered to the citizens of Nauvoo and the West, as the best preparations (for the cure of the various diseases for which they are recommended) ever offered to the public. The proprietor, Dr. Sherman, is a regular graduate of Medicine, a member of the Medical Society of the city and county of New York, and these Lozenges are prepared from medical prescriptions which have been approved by the most celebrated physicians in that city; in addition to which they are prepared in so pleasant a manner that children eat them with avidity and cry for more. They consist of

COUGH LOZENGES.

Which are the safest and most effectual remedy for Coughs, Colds, Consumption, Whooping Cough, Asthma, &c., ever offered to the public. They operate by promoting expectoration, allaying the irritation of coughing, and removing the cause of the disease.

WORM LOZENGES.

The only infallible Worm medicine ever discovered. In over 400,000 cases they have never been known to fail. Many diseases arise from worms and occasion long and intense suffering and even death without their ever being suspected; grown persons are very often afflicted with them, and are doctored for various complaints, without any benefit, when one dose of these Lozenges would speedily cure them.
